Dear _____:

I respectfully request that you support the complete restoration of the Non-Public Technology Initiative Program as a fully funded NJ State budget item for the fiscal year 2010. In addition, I ask that this program be funded at its current 2009 fiscal level.

While Governor Corzine's current budget includes a \$304M increase in funding for public school students, our non-public school students will be adversely impacted by a decrease of 10.5%. This is inequitable and should be addressed by the Legislature in amendments made to the budget in June.

I ask you to speak with your colleagues on the Assembly Budget Committee and the Senate to once again support the necessary funding for the Non-Public Technology Initiative.

Thank you in advance for your support.

Sincerely,

MDHS Parent/Guardian/Stakeholder
